Mr. Morton is allowed to file the following protest:

In accordance with my constitutional rights, I hereby protest against the Chief Executive of the State, being permitted to read his message to the General Assembly.

MESSAGE FROM THE GOVERNOR.

A message is received from his Excellency, Governor R. B. Glenn, relative to the cause of education, and other matters now pending before this body.

On motion of Mr. Laughinghouse, 300 copies of the message from the Governor are ordered printed.

A message is received from the Corporation Commission in reference to Resolution No. 987, for information from the Corporation Commission, which is read and ordered spread on the Journal:

February 18, 1907.

To the Honorable the House of Representatives of the State of North Carolina:

The Corporation Commission begs to acknowledge the receipt of the copy of a resolution of your honorable body, in which you request that the Corporation Commission communicate to you the terms upon which the recent litigation to compel the Southern Railway Company to continue the Selma connection was settled, and whether in consideration of the release of the sum of $15,000 penalties in-

curred by said company the State was or was not reimbursed for the expense of counsel fees incurred in enforcing said railroad company to observe the previous order of the court.

Complying with the said request, the Corporation Commission begs leave to state that the expense of counsel fees due the attorneys employed by the Corporation Commission in forcing the Southern Railway Company to observe the previous order of this Court, was not reimbursed by the said Southern Railway Company, but said legal expenses amounting to $500 will be paid by the State of North Carolina, which this Court understands to be the usual rule in such cases.

The Corporation Commission further begs leave to communicate to your honorable body that the terms upon which the said litigation to continue the Selma connection was settled, were as follows: The Southern Railway Company agreed to pay all court costs in connection with the said litigation, but not the attorneys' fees due the attorneys employed by the Corporation Commission. The Southern Railway Company likewise agreed, in addition to its present passenger trains, to inaugurate and continue in service two extra passenger trains: one leaving Goldsboro at the hour of 4:30 P. M., in the day and reaching Greensboro at the hour of 9:30 o'clock at night, and another passenger train leaving Greensboro at the hour of 9:40 o'clock in the day. The estimated cost of this extra service is $70,000 a year. The advantages of such additional train service may not be well known to all of the members of the House, and we, therefore, beg to submit some of the advantages to the traveling public arising from the new trains. These advantages will be set out later in our report.

The Corporation Commission likewise, in its best judgment and for the interests of the entire people of the State of North Carolina, agreed that the penalties which had been incurred by the Southern Railway Company for breaking the Selma connection should not be enforced. We had sued for penalties for $1,500, and these and other penalties, if enforcible and collectible, would have amounted in all to nearly the amount set out in your resolution, to-wit, $12,000.

In making the above settlement your Commission has had an eye single to the good and welfare of the people of North Carolina. This Commission calls attention to the fact that the power of the Corporation Commission, under the laws and statutes of North Carolina as they now exist, is not as extensive as could be wished and as should be. We have at present no power to order additional trains nor have we any power to fix schedules for passenger trains. At your request we have heretofore submitted to the General Assembly of North Carolina a bill which gives this power to the Corporation Commission and likewise enables it to better serve the interests of the people of the State. We trust that this bill will soon be enacted into a law.

We would call to your attention the fact that this entire Selma connection litigation is now before the Supreme Court of the United States; that it was argued there more than a year ago, and that the Court has taken the matter under advisement for two entire terms. We sincerely hope and expect that the opinion of the Supreme Court of the United States in this litigation will be favorable to the State of North Carolina, and that the order made by the Corporation Commission requiring the Selma connection will be sustained by said Court.

In making this settlement, however, your Commission was not unmindful of the fact that if the Supreme Court of the United States decided the Selma connection case adversely to the State that the Selma connection would not be preserved and no penalties could be enforced. The failure on the part of the Southern Railway Company to continue the Selma connection did not appear to your Commission to be in defiance of the orders of this Commission entered three years previously, but arose out of a change of schedule on the main line at Greensboro, which change affected the entire Southern system and was made to lengthen the schedules and give greater safety to the passengers, and to make the new Greensboro connection either required a breaking of the Selma connection by leaving Selma before the Coast Line train arrived or else by inaugurating a new and extra train. To keep the Greensboro connection seemed more important than keeping the Selma connection.

We likewise call your attention to the fact that even if the Commission had enforced its order, the second train leaving Selma for Greensboro, after making the Coast Line connection, would have followed within 43 minutes after a previous train, with little advantage to the traveling public, and might have returned as a freight train. In fine, we beg to state that we were of opinion that the settlement of this matter along the lines above indicated was greatly to the interest of the traveling public of North Carolina; that it put an end to litigation which might have been protracted and might also have gone to the Supreme Court of the United States, and that great good was accomplished by the settlement; and all of this in the face of an appeal pending in the Supreme Court of the United States above referred to, which, if decided adversely to the State, would have been expensive and fruitless of any tangible results.

The benefits derived from said compromise are as follows: If the Corporation Commission had succeeded in the mandamus suit they could only have secured a passenger train to leave Goldsboro forty-two minutes after the former passenger train, and this second passenger train would have served a useful purpose in the connection at Selma and at Durham, but, of course, could not have been of much use to the traveling public following the former passenger

train at an interval of forty-two minutes. The new and extra trains which have been put in operation under the compromise leave Goldsboro at 4:30 P. M., pass Selma at 5:15 P. M., Raleigh at 6:20 P. M., Durham at 7:20 P. M., and arrive at Greensboro at 9:30 P. M. This service secures connection at Selma for Rocky Mount, Tarboro and Norfolk, and also secures connection for Richmond and the North; also for Plymouth, Washington, Greenville, Spring Hope and Nashville; it also secures connection with the Coast Line Northbound train, giving connection with Fayetteville and all points between Fayetteville and Wilmington, and between Fayetteville and Bennettsville, and all points between Fayetteville and Florence, with Raleigh and other Southern Railway points. At Raleigh it furnishes connection with the Seaboard Air Line train for Sanford, Hamlet and all points South. In addition it enables passengers arriving in Raleigh on the Seaboard Air Line at 4:05 P. M., to make the Western connection for Durham, Burlington, Greensboro and points west. At Durham this train makes connection with the Seaboard Air Line from Henderson, Weldon, Creedmoor and Oxford, and also with Southern train from Keysville and Richmond. This train likewise enables passengers from Durham, Hillsboro and intermediate points to make close connection at Greensboro for the North. Prior to the inauguration of this new train, the train from Norfolk to Rocky Mount, leaving Norfolk at 8:45 A. M., often failed to connect at Rocky Mount with the train for Selma. This connection is now made certain and is of very great importance to the traveling public, enabling the people of the counties of Chowan, Perquimans, Pasquotank, Camden, Gates, Currituck, Bertie and Hertford to leave their homes in the morning and reach Raleigh and points west of Raleigh in the afternoon of the same day. In many respects this is one of the most important connections of the entire East.

Now, this train returning leaves Greensboro at 9:40 A. M., and enables passengers from the North to make close connection for Raleigh and Goldsboro; it likewise enables passengers from Charlotte and the South to make close connection at Greensboro for Raleigh and Goldsboro. By reason of this train, the 2:30 train can and always will be held for passengers from Asheville and intermediate points to Greensboro for Raleigh, Goldsboro and other Southern Railway points. This train at Raleigh furnishes transportation from Seaboard Air Line points south of Raleigh, giving passengers from the South on the Seaboard Air Line trains 38 and 66 arriving respectively at Raleigh at 11:05 A. M., and 12:04 P. M., connection with Selma, Wilson, Rocky Mount, Goldsboro, Greenville, Williamston, Plymouth, Washington and any eastern Carolina point. This train makes connection with the North-bound Coast Line train at Selma for Rocky Mount, Tarboro and all Eastern North Carolina points; it also makes connection with the South-bound Atlantic

Coast Line train for Dunn, Fayetteville, Florence and other Atlantic Coast Line points South.

This train also makes connection at Goldsboro with the Atlantic Coast Line train for Wilmington and intermediate points, and also with the Norfolk and Southern trains at Goldsboro for Kinston, New Bern, Morehead and Beaufort.

The joint committee on H. B. 790, a bill to be entitled an act prescribing the charges railroad companies may make for transporting passengers, as substituted by S. B. 616, a bill to be entitled an act establishing rates for passenger traffic in the State of North Carolina, submits the following report on the part of the joint committee of the Senate and House of Representatives, as well also as the committee on the part of the House:

To the Senate and House of Representatives of the General Assembly of North Carolina:

Your conferees on the part of the Senate and on the part of the House of Representatives, appointed to confer concerning the matters of difference between the Senate and House of Representatives on the subject of railroad passenger rates, as indicated in H. B. 790, it being a bill to be entitled an act prescribing the charges railroad companies may make for transporting passengers, and S. B. 616, it being a bill to be entitled an act establishing rates for passenger traffic in the State of North Carolina, respectfully submit the following report:

The main points of difference between the two bills is as to the maximum and minimum passenger rates to be charged by railroads in North Carolina. The House bill provided for a rate of two cents, two and one-half cents and three cents per mile. The Senate bill provided for a first-class fare of two and one-half cents per mile and a second-class fare of two cents per mile. The Senate conferees, endeavoring to carry out the wishes of the Senate as expressed in S. B. 616, contended that this committee should recommend to the two houses a bill providing for two classes of fares—first-class at two and one-half cents per mile, second-class at two cents per mile. The committee on the part of the House, believing that the House of Representatives is opposed to two fares, was unwilling to agree to recommend to the House of Representatives any bill providing two classes of fares. The committee on the part of the Senate thereupon contended for a flat rate of two and one-half cents per mile, insisting that a majority of the Senate approved that rate if only one fare is to be fixed.

The members of the committee on the part of the House were unwilling to recommend as high a rate as two and one-half cents per mile as the maximum passenger charges on any railroad in the State. The members of the committee on the part of the Senate insisted that

they could not represent the sentiment of the Senate if they agreed to recommend as low a rate as two cents per mile for passenger charges on any railroad in this State as the maximum charge; and, it being absolutely necessary that there should be an agreement between the two houses on this important matter, your committee, after due consideration and in a spirit of concession and compromise, has agreed to recommend and does hereby recommend to the Senate and House of Representatives that the maximum charge for all railroad companies having a mileage of more than sixty miles be upon a basis of not exceeding two and one-fourth cents per mile; and, according with this agreement, we have drawn a substitute bill providing a flat rate of not exceeding two and one-fourth cents per mile, with certain exceptions, which are, in our opinion, necessary, and we respectfully recommend to the House and the Senate that the said substitute bill, which is hereto attached, be adopted by both houses to settle this question.

Respectfully submitted,

W. E. DANIEL,
B. F. AYCOCK,
CHAS. A. WEBB,
Senate Committee.
J. S. MANNING,
R. L. STEVENS,
B. B. WINBORNE,
House Committee.

To the House of Representatives of the General Assembly of North Carolina:

Your conferees, appointed to meet a committee on the part of the Senate of North Carolina, composed of Senators Daniel, Aycock and Webb, to consider the conflicting views of the Senate and House of Representatives on the relation of passenger fares to be charged by railroad companies in North Carolina, as contained in the bills which have passed the two respective bodies and submitted to the conference committee, respectfully report:

House bill entitled a bill to be entitled an act to establish rates for passenger traffic in the State of North Carolina was sent to the Senate, and a bill entitled a bill to be entitled an act prescribing the charges railroad companies may make for transporting passengers having been adopted as a substitute for the House bill, and the House having failed to concur in the Senate substitute, the duty was imposed upon this conference committee to draft a bill which would come as near meeting the conflicting views of the two houses as possible.

The conference committee realized the great importance of the legislation proposed by the bills of the two houses which it had before it for consideration, and felt impelled to reach a conclusion about the matter entrusted to it if this could be done by mutual compromise and concessions of the matters of difference between the two houses.

The members of the committee on the part of the House fully realize that it was the sense of that body that the maximum rate which should be allowed to be charged by certain railroad companies doing business in North Carolina was two cents and there should be but one fare, and the members of the committee appointed by the Senate felt that the opinion of a large number of the Senators—perhaps a majority—was that the rate should be two and one-half cents on these railroad lines in the State of North Carolina, and was for two fares.

The members of the committee on the part of the House were unwilling to agree to as high a rate as two and one-half cents as the maximum passenger charge on all railroads within the State; and the members of the committee on the part of the Senate felt that they could not represent the sentiment of the Senate if they agreed to as low a rate as two cents per mile for passenger tickets on any railroads within the State as a maximum charge.

It was, therefore, apparent that if an agreement was to be reached it could be done only by mutual concessions. Your committee agreed to recommend, and does recommend, that the two houses agree to two and one-quarter cents per mile as a maximum charge for all railroad companies in North Carolina having mileage of more than sixty miles. The lines of all companies not exceeding sixty miles long, operated independently of all other railroad companies, it was thought proper to except from the operation of the provisions of the proposed law fixing two and one-quarter cents as the maximum charge for transporting passengers. If these provisions of the bill proposed by the conference committee are adopted, then and in that event all of the lines of railroads operated by the Atlantic Coast Line Railway Company, the Seaboard Air Line Railway Company, the Norfolk and Western Railway Company, the Norfolk and Southern Railway Company, as well as the Atlantic and North Carolina, the Ashboro and Aberdeen Railroad Company and the East Carolina and Virginia Railroad Company, or lines of railroad of subsidiary companies, or of companies which are in any way managed, controlled or operated by any of these companies, will come within the provisions of the law fixing two and one-quarter cents per passenger per mile as the maximum charge for transporting passengers. All independent railroad companies having not an excess of sixty miles of road within the State of North Carolina will come within the provisions of the law allowing the rate to be fixed by the North Carolina Corporation Commission not exceeding the present rates charged.

Interchangeable mileage tickets may be used on all railroads having the same or less maximum passenger charges, and are to be kept on sale by all railroad companies in the State. The conference committee felt that if the law with respect to the maximum passenger charges is to be enforced, there should be provided severe penalties, which would deter those disposed to violate the law from doing so, unless they know the same to be invalid, in which event no evil can come to them by this

violation. The committee has investigated the question of the legality of the provisions of the proposed bill which it has prepared and which accompanies the joint report of the conference committee, and believes it to be in all respects legal; and it is believed, furthermore, that the rates fixed are substantially just and equitable, both to the railroads and to the people. The only difference which has seriously troubled the committee was the difference of opinion as to whether the rate of charge should be more or less than that fixed in the accompanying bill, which is a part of this report. The committee believes that, under the circumstances, however, its differences should be adjusted and the bill prepared by the conference committee as an attempted adjustment of the differences between the two houses of the General Assembly of North Carolina should be adopted.

It does not deem it necessary to cite authorities or statistics to sustain this report of your committee, or to give further reasons for its action, inasmuch as the matter has been fully discussed upon the floors of the Senate and the House of Representatives by the respective members, and this information has been called to the attention of the two houses.

Respectfully submitted.

J. S. MANNING,
B. B. WINBORNE.
R. L. STEVENS.

MESSAGE FROM THE GOVERNOR.

A message is received from his Excellency the Governor, which is read by the Clerk and ordered spread on the Journal of the House.

STATE OF NORTH CAROLINA,
EXECUTIVE DEPARTMENT,
RALEIGH, March 9, 1907.

To the Honorable the General Assembly of North Carolina:

GENTLEMEN:—Two suggestions I desire to make to you before you adjourn, leaving it to your wisdom to say whether it is best that they should be embodied into resolutions:

First. The United States Government was very kind in granting to us a branch post-office for the benefit of the members of the General Assembly, and I therefore sincerely desire that you pass a resolution thanking the Postmaster-General for his courtesy in giving us this convenience, and I feel sure that he will appreciate such action on your part.

Second. From time immemorial it has been the custom for the State in whose honor a cruiser or man-of-war is named to present the vessel with a silver service in token of its appreciation of the honor conferred. The armored cruiser North Carolina, the largest now in the service of the United States, was named in honor of our State, and we should take pleasure in presenting it a service worthy of the State. This is customary, and, while some might call it sentiment, it has never been departed from, and I greatly fear would subject our State to severe censure and criticism if it was not done. I therefore respectfully ask you to appropriate a reasonable amount for that purpose out of funds not otherwise needed to meet necessary demands.

As this is my last message to you, I desire to say that, while some things that I suggested have not been acted upon by your honorable body, still I believe that you have done in every instance what you thought was best for the State, and I only hope that when the laws are written and published that they will prove a blessing to the State, and for the upbuilding of every industry within its

borders. I believe that both branches of your honorable body have been actuated by patriotic and high motives, and in spite of differences that have arisen that you have done your duty as you saw it. You therefore deserve the thanks of the State.

Trusting that your stay in Raleigh has been pleasant, and that on your return home you may find those you love in health and happiness, I am, Respectfully yours,

R. B. GLENN,
Governor.

Mr. Owen, on behalf of himself and other members of the minority, files a protest against the passage of S. B. 750, H. B. 1209, a bill appointing four additional commissioners for Sampson County, which, on motion of Mr. Morton, is referred to Messrs. Doughton, Morton and Owen to examine, and who, through Mr. Doughton, report that it be allowed to go in the Journal, which is so ordered.

To the Honorable Speaker and Gentlemen of the House of Representatives:

We, the undersigned members, desire to enter this, our dissent and protest to the passage of Senate bill No. 750, House bill No. 1209, appointing four additional commissioners for Sampson County.

1. That the effect of this act brands three good and lawful men of Sampson as criminals before they have had an opoprtunity to be heard before the courts.

2. That we are informed and believe that certain statements made behind closed doors in Democratic caucus by men who are not members of this House were untrue and slandered good and honorable citizens of Sampson County.

3. That the Democratic caucus, after hearing only one side of this matter, there and then decided to pass the bill, notwithstanding the Committee on Counties, Cities and Towns, to which this bill was referred, reported the bill unfavorably, 12 to 3.

4. That after new evidence had been brought out in Democratic caucus, that the Representatives from Sampson were denied and refused the right to be heard before the committee, and that there was only one hour allowed to hear so important a matter in the House, and that, after reading of affidavits and the time consumed by one mem-

ber in support of the bill, there was left only fifteen minutes to the Representatives from Sampson to discuss this bill.

5. That, for the reasons set forth above, we deliberately and solemnly, yet respectfully, protest against the passage of this bill.

Respectfully,

Thos. E. Owen,	Lewis J. Baley,
J. T. Kennedy,	J. C. Bowman,
J. U. Gibbs,	W. C. Rector,
M. N. Harshaw,	J. A. Pickett,
C. R. Pugh,	Chas. H. Cowles,
